**2007 Estate Cabernet Sauvignon**  
Santa Cruz Mountains

**98**  
points

Open every stop on your cabernet church organ: Pure cassis. Mountain freshness. Baking spice. The pencil lead of Graves in that less-than-overripe varietal character. This is unadulterated cabernet pleasure, three words that have never come together in my mind before. ...Between the cool site, the exceptional vintage and pedigree of the vines, this is a true California classic.
